Meet Josie

Josie Arenella brings her rich expertise in executive recruitment and talent acquisition to the esteemed team at Relate Search. Formerly an Executive Search Consultant at Korn Ferry, Josie is driven by her passion for cultivating relationships and fostering talent within organizations.

Josie's journey in the recruitment industry was sparked by her fascination with connecting with driven individuals and facilitating organizational growth through talent acquisition. She finds immense joy in delving into the career journeys of candidates and assisting clients in their quest to elevate their business strategies through exceptional hires.

Specializing in Human Resources, Josie's skill set is diverse, encompassing searches for roles spanning from those requiring two years of experience to executive positions, including VP and C-suite levels. Her track record reflects her ability to navigate both small and large/matrixed organizations, fulfilling critical HR functions such as Talent Acquisition, Total Rewards, and Employee/Labor Relations to name a few.

Josie's ultimate career goal is to establish herself as a consultant who genuinely cares about aligning clients' business objectives with individuals' professional goals. Her skills as an optimistic, collaborative, creative, and communicative professional enable her to adapt to diverse roles, ensuring clients and candidates achieve their desired outcomes.

Beyond her professional endeavors, Josie's passion for cooking, gardening, and reciting the entire "Sound of Music" soundtrack by heart speaks to her vibrant personality. She's an advocate for the Arthritis Foundation and is looking forward to her upcoming wedding in June 2025 to her fiancé Jake, alongside her two adorable dogs, Bennie and Winnie.
